

# BROOKSIDE LABORATORIES, INC.

## SOIL AUDIT AND INVENTORY REPORT

| SOIL SCIENCE               |             |        |           | Report Date 3-2-2021 |
|----------------------------|-------------|--------|-----------|----------------------|
| Sample ID                  |             | H6     |           |                      |
| Lab Number                 |             | 0086-1 |           |                      |
| Total Exchange Capacity    | me/c        | 40.77  |           |                      |
| pH                         |             | 7.1    | 6.0 - 7.0 |                      |
| Organic Matter             | %           | 9.52   | 2.0 +     |                      |
| Estimated Nitrogen Release | lb/A        | 123    | 35 +      |                      |
| Soluble Sulfur             | ppm         | 110    | 15 +      |                      |
| Phosphorus                 | Melich III  | lb/A   | 3,128     | 200 - 800            |
| Calcium                    |             | lb/A   | 12,286    | 1,000 +              |
| Magnesium                  |             | lb/A   | 1,200     | 150 +                |
| Potassium                  |             | lb/A   | 2,238     | 150 +                |
| Sodium                     |             | lb/A   | 148       | 60 -                 |
| BASE SATURATION PERCENT    |             |        |           |                      |
|                            | Calcium     | %      | 75.34     | 60 - 70 %            |
|                            | Magnesium   | %      | 12.26     | 12 - 20 %            |
|                            | Potassium   | %      | 7.32      | 4 - 8 %              |
|                            | Sodium      | %      | 0.79      | > 4 %                |
|                            | Other Bases | %      | 4.30      | 5%                   |
|                            | Hydrogen    | %      | 0.00      | > 30 %               |
| EXTRACTABLE MINORS         |             |        |           |                      |
|                            | Boron       | ppm    | 2.31      | 0.4 - 1.5            |
|                            | Iron        | ppm    | 193       | 50 +                 |
|                            | Manganese   | ppm    | 60        | 8.0 - 35.0           |
|                            | Copper      | ppm    | 1.35      | 0.6 - 2.0            |
|                            | Zinc        | ppm    | 39.29     | 1.3 - 3.5            |
|                            | Aluminum    | ppm    | 1,111     | 0 - 1,000            |

| <i>Your soil fertility is only one of the factors determining plant health. Soil moisture, insects, air movement, compaction, irrigation practices and sunlight all affect a plants ability to thrive.</i> |   |   |
